## Subject Index

### Allergy

Allergic alveolitis 145  
Allergic diseases in school children 246  
Atopic dermatitis and bacterial endocarditis 463  
Atopic disease and IgE sensitization 239  
Atopy and family history 896, 902

### Anthropometry

Reference values 307  
Trunk asymmetry and scoliosis 747

### Asthma

Vomiting as presenting symptom 968

### Autistic syndromes

In Moebius syndrome 314

### Bilirubin

In cord blood and neonatal jaundice 217  
Transcutaneous bilirubin readings 824, 844

### Birth defects

Adams-Oliver syndrome 627  
Fetal hydantoin syndrome, genetics 125  
Pregnancy varicella and congenital anomalies 963  
Epidemiology of congenital malformations 657

### Breast feeding

Adequate duration 23  
Human milk protein standard 171  
In Islam 777  
Promotion 817  
Rotavirus serology and breast-feeding 62

Breath hydrogen baselines  
Diagnostic parameter 775

### Cardiology

Acidosis in pulmonary valve stenosis 800  
Acute bacterial endocarditis in atopic dermatitis 463  
Cardiac involvement in postnatal rubella 141  
Glucose metabolism in VSD 620  
Hypertrophic cardiomyopathy 482  
Myocardial dysfunction in hypothyroidism with thalassemia 455  
Oral PGE<sub>2</sub> in congenital heart disease 635  
PGE<sub>1</sub> in neonates with congenital heart disease 853

Prognosis in infective endocarditis 615  
Valvuloplasty in congenital pulmonary stenosis 742

### Cerebral palsy

Changing panorama in Sweden 283  
Changing pattern in Finland 581  
CP and perinatal morbidity 664

### Clotting

Protein C in newborns 34

### Clubbing

Neonatal lung disease 631

### Cow's milk

Cow's milk protein antibodies and inflammatory bowel disease 81

### Cystic fibrosis

Cross-infection with *Pseudomonas aeruginosa* 395  
Lethal respiratory failure in a preterm infant 641  
Incidence of celiac disease in CF 784  
Pulmonary resections 317

### Diabetes, insulin dependent

Glomerular hyperfiltration 712  
Metabolic control and plasma amino acids 278  
Maturity onset diabetes 74  
Serum fructosamine and HbA1c 451  
Serum immunoglobulins 639  
Urinary c-peptide excretion 271

### Diabetes, neonatal

Transient in a pair of twins 469

### Diarrhoea, acute

Acidified milk treatment 259  
Changing pattern 685  
Oral rehydration therapy 253  
Paralytic ileus 701  
Rehydration solutions 379

### Diarrhoea, persistent

Faecal alpha-1-antitrypsin 265  
Protracted enteropathy and granulocyte function 323

### Drug reactions

Adverse effects of maternal labetalol 956  
Auditory function after gentamycin 840  
Furosemide and ethacrynic acid and serum electrolytes 133  
Response to pancuronium 829  
Promethazine ingestion and hallucinations and hyperthermia 131

### Electrolytes

Plasma ionized calcium, phosphate and magnesium in preterm and SGA infants 351  
Effect of calcium supplementation in preterm infants 525

### Endocrinology

Adrenal cortical adenoma in Recklinghausen's disease 476  
Adrenocorticotrophic hormone unresponsiveness 482  
Aetiology of congenital hypothyroidism 67  
Bone age at birth in CH 412  
Calcitonin secretion in CH 885  
Congenital adrenal hypoplasia and glycerol kinase deficiency 893  
Ectopic thyroid 889

9

**GH response to GHRH in obesity** 329  
**GH treatment in irradiated children** 562  
**GH treatment of short stature** 555

    **Prognosis in infective endocarditis** 615  
    **Pyomyositis** 331  
    **Pseudomonas infections in CF** 395  
    **Staphylococcus aureus** bacteremia 56  
    **Typhoid fever** 653  
**Infections, parasitical**  
    **Kala-azar** 650  
**Infections, viral**  
    **Congenital cytomegalovirus infection** 965  
    **Echovirus meningoencephalitis** 325  
    **HIV-infection in African children** 763  
    **Maternal hepatitis B carrier and cord serum IgE** 127  
    **Nosocomial RS- and rhinovirus infections** 390  
    **Postnatal rubella and cardiac involvement** 141  
    **Pregnancy varicella and congenital anomalies** 963  
    **Viral infection and adherence of neutrophils** 907  
**Iron**  
    **Iron stores and hypoglycemia** 538  
**Lung, diseases**  
    **Neonatal lung disease and clubbing** 631  
**Lung, physiology**  
    **Peak flow in 4-6 year old children** 544  
**Malnutrition**  
    **Cognitive development** 115  
    **Soft neurological signs and EEG-patterns** 873

**Mechanical ventilation**  
 CPAP and respiratory mechanics in infants 194

**Mental retardation**  
 Following febrile seizures 291  
 Selenium in Down's syndrome 879

**Myelomeningocele**  
 Disability in children 721

**Nanism**  
 Primordial birdheaded nanism 488

**Neonatal intensive care**  
*Flavobacterium septicum* infection 51

**Nephrology**  
 Chronic renal failure and cellular immune responsiveness 597  
 Evaluation of renal function and morphology 601  
 Nephrotic syndrome and monocyte-macrophage system 87  
 Progressive kidney damage after acute leukemia 608  
 Renal tubular acidosis, monitoring therapy 453  
 Ultrasonic features in congenital nephrotic syndrome 717

**Neurofibromatosis**  
 With adrenal cortical adenoma 476

**Neurology**  
 Duchenne muscular dystrophy, epidemiology 100  
 Hemorrhagic shock and encephalopathy 458  
 Progressive ataxia in birdheaded nanism 488  
 Spinal lesions and urinary lactic dehydrogenase 588

**Neurophysiology**  
 Interpretation of EEG in preterm newborns 210

**Newborn**  
 Atrial natriuretic peptide 29  
 Atrial natriuretic peptide in a newborn infant 793  
 Bile peritonitis 782  
 Birthweight and gestation in maternal anaemia 321  
 Bone mineral content 835  
 Congenital cytomegalovirus infection 965  
 Congenital chylothorax 789  
 C3d in neonatal bacterial infections 369  
 Digoxin-like factor in neonates 364  
 Foetal and neonatal exposure to aflatoxins 373  
 Jaundice 217  
 Macromolecular absorption 532  
 Maternal hepatitis B carrier and serum IgE 127  
 Multiple idiopathic emboli 644  
 Neonatal albumin and drug binding 342  
 Neonatal hypoglycemia 538  
 Neonatal jaundice in Nigeria 848  
 Neonatal septicemia, epidemiology 44  
 Neonatal septicemia, prognosis 40  
 Neonatal subcutaneous gangrene 222  
 PGE<sub>1</sub> in neonates with congenital heart disease 853  
 Prevalence of bacteriuria in Nigeria 94  
 Protein C activity and antigen 34  
 Total body bone minerals 347  
 Transient diabetes mellitus 469

**Nutrition**  
 Breast-feeding, adequate duration 23  
 Breast-feeding and rotavirus serology 62  
 Eating habits 858

Fat content and fatty acids in formulas 513  
 Human milk protein standard 171  
 Infant nutrition and response to rotavirus vaccine 759  
 Non protein nitrogen and true protein in formulas 497  
 Nutrition and health in Sweden 865

**Obesity**  
 Body fat distribution 440  
 GH response to GHRH 329  
 Psychosocial stress 568, 576

**Odontology**  
 Dental caries in immigrant Turkish children 110

**Oncology**  
 Acute lymphoblastic leukemia. Prognosis 104  
 Ceruloplasmin and transferrin in CSF in acute leukemia 327  
 Familial occurrence of neuroblastoma 736  
 Granulocyte sarcoma 473  
 Growth following intracranial irradiation 296  
 Progressive kidney damage after acute leukemia 608  
 Solid tumors, long term psychological aspects 728  
 Thyroid carcinoma 419

**Ophthalmology**  
 GHRH in optic nerve hypoplasia 436

**Otitis**  
 Otitis and immune system 911

**Outpatient care**  
 Outpatient orchiopexy and herniotomy 754

**Patient-Doctor relation**  
 Delivering of disturbing information 123

**Pediatric surgery**  
 Orchiopexy and herniotomy 754

**Pharmacology**  
 Caffeine and cerebral blood flow in preterm infants 205  
 Drug binding and neonatal albumin 342  
 Erythromycin absorption in coeliac disease 959  
 Oral PGE<sub>2</sub> in congenital heart disease 635  
 Pharmacokinetics of theophylline 961

**Physiology**  
 Blood pressure and behaviour in preterm infants 358  
 Intestinal electrolyte absorption 379  
 Hypoxia and laryngeal bradycardia reflex 11

**Prenatal diagnosis**  
 In hemophilia, psychological aspects 692

**Preterm infants**  
 Blood pressure 358  
 Caffeine and theophylline in apnea 786  
 Cerebral blood flow and caffeine 205  
 EEG, interpretation 210  
 Effect of calcium supplementation 525  
 Effects of skin-to-skin contact with mother 189  
 Ionized calcium, phosphate and magnesium 351  
 Macromolecular absorption 532  
 Metabolic differences between AGA and SGA infants 677  
 Neonatal outcome in extremely small newborn infants 180  
 Nutrition and growth 18  
<sup>1-13</sup>C-octanoate oxidation and vitamin B2 in preterm infants 780

<b>Radiology</b>	
Gamma camera renography	601
<b>Screening</b>	
Physiological adjustment to results of CH screening	447
<b>Serum proteins</b>	
Human $\alpha$ -lactalbumin in infant serum	629
<b>Sexual abuse</b>	
Physical examination	935
<b>Shock</b>	
Hemorrhagic shock	458
<b>Social paediatrics</b>	
Dental caries in immigrant Turkish children	110
Family situation, child health and development	1
Prognosis in offspring of amphetamine abusing mothers	944
Promotion of breast-feeding	817
Psychosocial stress and obesity	568, 576
<b>Sudden infant death syndrome</b>	
Hypoxia and laryngeal reflex	11
Secular trends	228
<b>Syndromes</b>	
Down's syndrome, selenium	879
Goldenhaar anomaly	804
Oculocerebral hypopigmentation	806
Sandifer syndrome	797
Turner's syndrome and spondyloepiphyseal dysplasia	971
<b>Trace metals</b>	
In offspring of smoking mothers	671
